- On October 12, 2020, we filed for Chapter 11 reorganization and announced that we are taking important actions to strengthen our financial position and resolve a range of legal liabilities, enabling us to achieve our long-term strategic plans.
- We have entered into several key agreements, including:
 - First, is a **restructuring support agreement** with key creditors and litigation parties outlining the terms of a financial restructuring designed to strengthen our balance sheet, reduce our debt by approximately \$1.3 billion and improve our financial position, allowing us to continue driving our strategic priorities and investing in our business to develop and commercialize therapies to improve health outcomes for patients. Importantly, this agreement allows us to enter the Chapter 11 reorganization process in a highly organized manner, with broad support;
 - Second, we reached an agreement in principle on an **amended proposed opioid settlement** that would resolve opioid-related claims against Mallinckrodt and its subsidiaries; and
 - Finally, we announced an agreement in principle with certain governmental parties **to resolve various Acthar® Gel-related matters**, including the CMS Medicaid rebate dispute.
- To implement these agreements in a fair, orderly, efficient and legally binding manner, Mallinckrodt plc has voluntarily initiated Chapter 11 reorganization proceedings under the U.S. Bankruptcy Code.

 - Resolve opioid-related claims against the Company, its subsidiaries and related entities; and
 - Resolve various Acthar Gel-related matters, including the CMS Medicaid rebate issue, an associated False Claims Act ("FCA") lawsuit and an FCA lawsuit relating to Acthar's previous owner's interactions with an independent charitable foundation.
