3 Dear Valued Business Partner,

4

5 I'm writing to provide you with an update on the progress that we're making through the Chapter 11
6 reorganization process. All of our businesses, including Specialty Brands and Specialty Generics,
7 continue to operate as normal and we do not expect any changes to our operations.

8

9 We are continuing to work with you as we have been and intend to pay you in full under agreed terms for
10 goods received and services rendered on or after the Chapter 11 filing date of October 12, 2020. The
11 Mallinckrodt entities impacted by the Chapter 11 filing have access to **more than \$840 million** in cash on
12 hand¹ and our businesses continue to generate strong cash flows. **This cash is expected to provide
13 ample liquidity for us to continue executing on our business strategy and to meet our go-forward
14 business obligations as we move through this process.**

15

16 We intend to move through this restructuring process as quickly as possible and will continue to keep you
17 informed as we make progress. We appreciate your cooperation so we can achieve our mutual goal of
18 delivering better health outcomes for patients.
